How to add an article with images

- Option 1: you put a big image inside the article'scontent
- Option 2: You use a custom tag with syntax:
  <!-- {lofimg src="YOUR_SRC_IMAGE"} -->

HTML Source Editor   ☑ Word wrap

```
<img class="imgborder" src="images/stories/template/slideshow/①_slider_002.jpg"
border="0" align="left" />

<p style="text-align: justify;">Lorem ipsum dolor sit amet, consectetuer ②ipiscing
elit. Aenean commodo ligula eget dolor. Aenean massa. </p>

<!--{lofimg src="images/stories/template/slideshow/slider_002.jpg"}-->   ③
```

[Update]   [Cancel]

1. **This is a basic image added with Joomla Image Tool**
2. **Basic formatted text**
3. **Syntax to add your own image (must be the same width and height as slideshow)**

!! You have to open the article in HTML view to add the special syntax

!! The syntax works only at the end of your article
